" It actually saves me time and money  
because I don't have to go to 3 or 4 stores.

I wouldn't shop for school supplies any other way.  
Goodbye to long checkout lines!

I know I'll have the right supplies. "

Fill out the form and  
Mail by Wednesday,  
July 2, 2025.

" I love when parents order the supplies! We know  
it's exactly what we want and all of the items  
are there.

I like that I can put the supplies away before the  
children arrive. Then I don't have as much to  
worry about the first day of school. "
